

Do You Want to Get Paid to Implement Cover Crops?

HUNTINGDON COUNTY
CONSERVATION DISTRICT

The Huntingdon County Conservation District is administering a per acre incentive payment in 2022 to implement cover crops.

Applications are due to the Huntingdon County Conservation District by September 1, 2022.

Incentive payments will depend on the number of acres submitted to the program.

50% of the payment will be made upon planting and 50% will be distributed after inspection on April 1, 2023.

Single species and multi species are accepted. For more information see details on the back.

Implement Cover Crops to Improve Soil Health!

The Huntingdon County Conservation District (HCCD) is administering a per acre incentive payment in 2022 to implement cover crops.

- Plant certified seed or have bin ran seed tested for germination and purity
- Send copies of seed tags or testing certification to HCCD
- All cover crops must be no-till planted
- Cover crops must be approved by HCCD
- Cover crops cannot be winter killed/frost killed (Oats, Sudan Grasses, Barley)
- Cover crops must be planted in Huntingdon County
- Cover crops can be harvested for forage but not for grain, **only after April 1st**
- Multi species must contain one legume species
- Cover crop inspection will take place April 1st, 2023
- Application due September 1st, 2022
- Mail or email the application form to the below address.
- For seed testing: 2 lbs of each species of seed is needed for testing if the seed is not certified.
